

STATEMENT

The undersigned authors declare, for purposes of submission to the Acta Scientiarum Agronomy, that the article " Effect of anonaceous extracts for *Aphis gossypii* (Glover, 1887) (Hemiptera: Aphididae) and selectivity to *Eriopsis connexa* (Germar, 1824) (Coleoptera: Coccinellidae)" is an original paper, unpublished and it has not been submitted to any other journal.

The authors express their agreement on the submission, as well as the Editorial Policy, the Guidelines for Publication and the Copyright Statement, which will apply in case of acceptance and subsequent publication of the article.
